Boil Water Advisory Rescinded

Village of New Maryland-
Springwater Place (All Residents on Municipal Water)

Saturday July 3, 2021

The Department of Health has notified the Village of New Maryland that the *boil water advisory* has now been **rescinded** for **All Municipal Water Users in Springwater Place**. We therefore wish to inform residents that the municipal water is safe for human consumption.

The water was tested as a precautionary measure and the test results have confirmed the safety of our municipal water system.

We thank you for your patience during this process.

Chris Nash
Public Works Utilities Supervisor
